

STANDARD FIT

Standard, traditional fit, comfortable for all sizes and perfect for playing, training and leisure use. Available in a traditional shoulder fit or raglan sleeve finish. Durability and comfort are key benefits for this style.

SLIM FIT

Slim, initially designed for a number of International 7's teams, this tighter fitting jersey has developed rapidly within the professional game and offers a more streamlined performance, reduced material ensures speed and efficiency are key improvement areas. Look good and feel good.

INTERNATIONAL FIT

International, introduced for the 2007 Rugby World Cup, the international design incorporates the very latest technical fabric to offer a **tight fitting** jersey that moves and flexes with the body to offer an extremely comfortable yet high performance jersey.

COLLAR STYLES

Traditional Collar

Traditional collar, for use on "standard" size jerseys. Cotton Drill material, or self-fabric for sublimation, hard wearing and durable. Tried and tested for over 100 years. Space for the addition of sponsor's logo detail.

Sport Collar

Sports collar, originally developed for the 2003 RWC, a smaller collar by 1.5 cms and perfect for the "slim fit" size or junior jersey. Cotton Drill material, or self-fabric for sublimation ensuring durability and performance.

International Collar

Cotton Drill material, hard wearing and durable. Polyester option available on elite shirt design.

Stub Collar

Stub collar, created more than 30 years ago, offers a more streamline performance and look. Suitable on either the standard or slim fit styles.

Two Placket Collar

Two placket collar, a favourite for polo shirts of all designs. Offers a stylish, yet traditional finish. Available with a knitted or self-fabric option.

'V' Neck with Collar

'V' neck with collar, ideal for use on lightweight sublimation fabric designs.
